Re: Population Health Initiative Seed Grants and Matching Support

Cc: Steven Bourassa, Chair, Real Estate
Carrie Dossick, Associate Dean for Research, College of Built Environments

As a Federally and University funded research center, the [Center for Studies in Demography & Ecology](#) in the College of Arts & Sciences provides technical expertise and financial support to over 150 researchers at the University of Washington. CSDE is pleased to pledge matching support of \$10,000 for your proposed research project *Strategic Development for Healthier Cities: Building a Foundation to Explore the Street-level Effects of Physical Property Investment on Public Safety*, for submission to the Population Health Initiative's Tier 2 Pilot Research Grant competition for Winter 2024. We are happy to provide this commitment now to support your Letter of Intent, and to re-affirm our commitment if you are invited to submit a full proposal.

We're delighted to support this project and wish you the very best in the competition.

Sincerely,

Steven M. Goodreau
Development Core Director, CSDE

CSDE acknowledges we are on Coast Salish territory, the traditional homeland of the Duwamish, Suquamish, Tulalip, and Muckleshoot nations and other Native peoples.

CSDE's commissioned logo from Native artist, UW Professor Marvin Oliver acknowledges these vital connections to native peoples and territories
