Re: Population Health Initiative Seed Grants and Matching Support

CSDE is pleased to pledge matching support for your PHI Tier 2 proposal, *Integrating Mental Health into Urban Planning: A Pilot Study on Social Media-Expressed Helplessness During Extreme Weather Events*. We pledge \$10,000 to help support the project through the purchasing of Twitter/X data. We will provide these resources if your proposal is selected for funding by PHI.

We're delighted to support this project and wish you the very best in the competition.

Sincerely,

Steven M. Goodreau
