Re: Population Health Initiative Seed Grants and Matching Support

CSDE is pleased to pledge matching support for your PHI Tier 2 proposal, *How does the 'SODA/SOAP' policy affect policing and the policed?* We pledge \$1,000 to help support the project, in particular the geospatial mapping component. We will provide these resources if your proposal is selected for funding by PHI.

We're delighted to support this project and wish you the very best in the competition.

Sincerely,
