

CENTER FOR STUDIES IN DEMOGRAPHY & ECOLOGY
UNIVERSITY of WASHINGTON

CSDE is honored by our logo designed by UW Professor Emeritus Marvin Oliver (Quinault Nation/Isleta-Pueblo, 1946-2019). The logo features a male and female salmon in the circle of life, reflecting the fundamental elements of demography: fertility, mortality, and migration.

CSDE recognizes that our university was built on the land of the Coast Salish nations and peoples who have been here since time immemorial and thrive here today. The reparation of that *taking* is a daily responsibility and practice we aim to incorporate into our activities and programs.

CSDE recognizes we are privileged by many forms of structural inequality and are responsible for the doing and undoing of that inequality. In our actions and programs, we seek to actively pursue increased equity in our community.

Welcome!

We'll get started shortly.
