Who Owns Puget Sound? A Platform for Mapping Property Ownership and Housing Insecurity in Western Washington

Request for In-Kind Services

Co-PIs: Erin McElroy, Geography; Andrew Messamore, Sociology

We request the following supports from CSDE technical staff:

- Use of CSDE's high performance computing cluster to parallelize ownership identification algorithm used in ownership research.
- Use of CSDE D-Drive to store and host data.
- 3 hours of technical assistance for preparing to use CSDE high performance computing environment.
- (2) Additional User Accounts for Affiliated Community Partner Researchers.
- Technical assistance and support in developing a dashboard hosted by CSDE to host dataset produced by research team.
